Re.No.155/ JKCMC/Strengthening of JKC/2020-21, dated 13/10/2020

Sub: Strengthening of JKC by introducing Short term courses – TCS and IBM P-Tech through e Skilling Govt of India Initiative- Reg

In connection with the Strengthening of JKCs and to enhance employability skills and competence in the students in the Covid-19 scenario, CCE has planned to introduce skilling through e learning model by collaborating with reputed training agencies like TCS,IBM and Mind map etc.In this connection TCSiON has come forward in the month of September with life skill short-term course (25-36 hours) which is implemented in all 120 JKCs and for which 8000 students have registered.

In similar lines IBM OPEN P Tech in collaboration with NASSCOM and MINDMAP has designed a short-term course for the students which comprises the essential 21 century foundation skills called **Digital Foundation Programme Course** consists of

- i. *Artificial Intelligence foundation*
- ii. *Block Chain essential*
- iii. *Data Science foundation*
- iv. *Cyber Security fundamentals*
- v. *Enterprise Design Thinking*
- vi. *Professional Skills in digital worls*

This Course consists of Basics of the six themes comprising of 36 Hours and by completion of each level the student will get a IBM batch. This P-Tech platform is also useful all students in the following

- ii. *To get IBM professional badges (digital) and industry accreditation*
- iii. *Helps to distinguish students on employment applications- badges be shown on resume and linked-in profiles*
- iv. *Open P-TECH is continuously uploading new learning content appropriate for future skills development for students*

Hence all the Principals and JKC coordinators are instructed to Enroll all the Final year students in the link provided in the mail and see that every student must complete and get 6 Badges of IBM by 25th November2020. This is a Free Course hence No fee may be collected from Students.

Re.No.155/ JKCMC/Strengthening of JKC/2020-21, dated 13/10/2020

Sub: Strengthening of JKC by introducing Short term courses – TCS and IBM P-Tech through e Skilling Govt of India Initiative- Reg

In connection with the Strengthening of JKC and to enhance employability skills and competence in the students in the Covid-19 scenario, CCE has planned to introduce skilling through e learning model by collaborating with reputed training agencies like TCS,IBM and Mind map etc.In this connection TCSiON has come forward in the month of September with life skill short-term course (25-36 hours) which is implemented in all 120 JKCs and for which 8000 students have registered.

In similar lines IBM OPEN P Tech in collaboration with NASSCOM and MINDMAP has designed a short-term course for the students which comprises the essential 21 century foundation skills called **Digital Foundation Programme Course** consists of

- i. Artificial Intelligence foundation
- ii. Block Chain essential
- iii. Data Science foundation
- iv. Cyber Security fundamentals
- v. Enterprise Design Thinking
- vi. Professional Skills in digital works

This Course consists of Basics of the six themes comprising of 36 Hours and by completion of each level the student will get a IBM batch. This P-Tech platform is also useful all students in the following

- ii. To get IBM professional badges (digital) and industry accreditation
- iii. Helps to distinguish students on employment applications- badges be shown on resume and linked-in profiles
- iv. Open P-TECH is continuously uploading new learning content appropriate for future skills development for students

Hence all the Principals and JKC coordinators are instructed to Enroll all the Final year students in the link provided in the mail and see that every student must complete and get 6 Badges of IBM by 25th November2020. This is a Free Course hence No fee may be collected from Students.

Professional skills

Free learning and resources

We all know technical skills are important. But professional skills are just as important if you want to succeed in your future career. Critical thinking, collaboration, problem solving, flexibility—these are skills that every company looks for in its employees. Build these skills with our free courses and earn a badge you can add to your resume or LinkedIn.

This course will help you develop the skills and behaviours required to enhance the way you collaborate with your team, colleagues, and people in the workplace.

The course covers these topics:

What is collaboration and why is it important?

How can you enhance collaboration with colleagues?

How can you help your team collaborate?

What are the challenges of virtual collaboration and how can you tackle them?

What tools can you use for virtual collaboration?

How can you make virtual meetings effective?

What you'll learn in this course

You'll learn about different communication styles and ways to adjust your approach based on the other person's communication style. You'll learn how you can communicate effectively by listening well and delivering a message clearly, and how you can create a positive impact on coworkers and customers by becoming more assertive and influential. You'll also discover ways to resolve conflicts and interpersonal challenges that you face in the workplace every day. Finally, you'll learn the importance of dialogue and feedback in resolving workplace conflicts.
